

PEOPLEMORE

people - that's **IT**

Who we are

We have been successfully creating companies for 20 years. Such experience may not be much, but it's enough to understand that exceptional businesses are always created by exceptional people.

What else can we bring to the table?

On top of the key areas of expertise we support our customers in:

- Designing UX/UI and development of apps for STBs and Smart TVs, Industry 4.0
- Creating and working with online communities to provide the best user engagement
- Product design

Why have we been chosen by our customers?

Based on responses from our clients:

- responsiveness and great communication
- ability to solve problems right here and right now
- building a team at a very fast pace
- stability of the team (no rotation in project teams and very low staff turnover)
- European culture, ethics & mentality
- very good price to performance ratio
